Info

Falkängen is a small handicraft village located in the village of Hälleklis, close to the mount Kinnekulle and the lake Vänern.

The handicraft village has about 65.000 – 70.000 visitors per year during four months in the summer, between the 1st of May and the 31st of August.

At Kinnekulle has quarrying of stone been going on for more than a thousand years. The former limestone quarry is also well known for fossils.

Skaraborgs Geological Society has been located at the Falkängen handicraft village since over twenty years. SGS also have an exhibition of minerals and fossils at the location.

Show tables' location

Most of the tables will be placed outdoors along Falkängen's main road. Close to some of the tables, cars or vans can be parked. A smaller number of indoor-tables will be set up in a building, directly connected to the outdoor exhibition. Outdoor and indoor exhibition will thereby be "linked together".

The outdoor tables are 3 x 0,8 m in size and equipped with over head support. Tarp, clamps and other things needed for rain cover is the exhibitor's responsibility to bring along. A limited amount of tarps and clamps are available for rent from SGS after contact with the show information.

Due to limited space on the lawns where the tables are placed, the number of outdoor tables is limited to a maximum of 3 tables / exhibitors

The indoor tables are of type conference tables sized circa 180 x 80 cm. Electrical power is available for the indoor tables.

Because of limited space in the indoor hall is the number of indoor tables for rent limited to a maximum of 2 tables/ exhibitors.

The indoor show building will be locked during night time and unlocked on hr 08:00 Sunday morning.

Insurances/ taxes

The exhibitors are responsible for insurance of their articles and taxes.

Useful information

Check in and information is found in the information tent located beside SGS exhibition local.

Toilets are located inside the café, besides the café and inside some of the handicraft houses.

SGS members are provided with name signs and will do their best to help with unpacking and mount tarps. Please ask if you need help.

To contact the show responsible call: Lars Rosengren on phone. 070-349 29 56 /+46 70 349 29 56.

Car parking will be done after SGS directions.

Electrical power can be supplied to some of the tables, charge 50 SEK/ day.

Other agreements have to be made with SGS.

General regulations

Strictly minerals, rocks, fossils, literature or articles made of stone and equipment for work, analyze/study, store or display of stones or minerals are allowed to be exposed/for sale.

All goods must be clearly labeled, either individually with a price tag or in a group with a sign (e.g. Hematite necklace 120: -/piece). All prices must be specified in SEK (Swedish kronor).

Artificial materials as e.g. synthetic stones. or dyed minerals, shall distinct be marked with information about this. This is also valid for artificial fossils.

Exhibitors undertake to exhibit during the fair / both days (unless otherwise agreed with the organizer) and absolutely not pack down before the show closes.

All sales must be from the organizer rented tables. Own tables for exhibitions and sales are normally not allowed, but in very special cases may be permitted if the organizer gives his permission. "Packing tables" should be placed separately from the sales tables. SGS show manager reserves the right to interpret this issue.
